Active Shooter

In conjunction with ProActive Response Group, IMPA is pleased to bring you a one-day program on active shooter preparedness at your utility.

Course topics include:

- Identifying threats
- Assessing situations & responding effectively

The information provided will prepare attendees to examine the reality of workplace violence and introduces the skills needed to prevail in a hostile encounter.

IMPA member community personnel who should attend include:

- Supervisors
- Managers
- Superintendents
- Office Staff
- Field Staff
- Anyone interested in learning ways to identify threats and respond effectively
